THOUSAND ATTEND SHORTHORN PICNIC

Walworth County Developing Shorthorn Interests by Association Work.

Southern Wisconsin advocates of the cattle of old England, the Shorthorns, held a successful picnic and demonstration on the Tilden farm, Lake Delavan, Saturday. The farms are now owned by Dr. A. J. Robinson, Algonquin, Mich., and the herd of 80 registered Milking Shorthorns and 6 grade Guernseys are kept on the farm, replacing the registered Tilden Guernseys dispersed this spring.

As the result of cooperative association effort Walworth county is rapidly becoming a noteworthy district for dual purpose cattle, having many herds of Shorthorns. The Robinson herd, inspected at the demonstration, is a herd of high merit both in breed type and production records. Edwin Evans, herdsman, is in charge of the dairy farm.

Will Show Herd
As the result of association effort Walworth county this year will show its first county herd of Shorthorns and the two neighboring counties Rock and Walworth will have a friendly inter-county cattle contest on the state fair. Rock having shown county herds of the dual purpose cattle both in the state and at the International for the last two seasons with success.

"The farmer who raises a little better crop than his neighbor and feeds it to a little better livestock, is still assured of a profit, and always will be," declared J. J. Ramsey, fieldman for the American Shorthorn association, speaker at the demonstration. "Profit on the farm still depends on economy and cannot expect to work three months in a year and make a living for the entire year as they think they can in the single crop states. This is the age of diversification and Montana will have more acres of corn this year than she had bushels a few years ago."

"The people of the United States consumed 14,000,000 more heads last year than any year previous due to a 25 percent increase in production, a testimonial to the ability of the American public to adjust its consumption in line with unusual production of meat."

Must Keep Records
"Development of Milking strains of Shorthorns was favored through the keeping of records and the proper selection of breeding stock of merit," declared Ramsey.

Rock county was pointed as one of the outstanding counties in America in Shorthorn development. At noon there was a barbecue dinner. A Milking Shorthorn steer, Spike's Model, bred and raised on the Walworth county farm, weighing 1,400 pounds and dressing out 61 percent, was roasted and served with Shorthorn milk.

During the morning and afternoon there were community games, a novel mule race, pony race, ball game, and a tug-of-war in which the Champion Walworth county team, winner in the first event, out-pulled the Rock county team.

CATTLEMEN OF NATION TO CONFER

Milwaukee—Adoption of rules and regulations to govern sales of dairy cattle between states and establishment of an organization to safeguard the interests of the buyer and seller in cattle deals, are the principal aims of a national dairy cattlemen's conference which will be one of the features of the National Dairy Show here, Sept. 27 to Oct. 4, under plans now being perfected by show officials.

The cattlemen's conference will open on Oct. 1.

"It is hoped also to develop an understanding on sanitary requirements of the states for admission of cattle from other states," declares a statement from conference leaders, "and an effort will be made to bring about uniform sanitary laws."

National dairy leaders and marketing authorities will be asked to speak to the conference and outline their ideas on the various subjects. Invitations to attend are being sent to cattlemen throughout the nation.

Wisconsin agricultural officials have approved and favored the plan for uniform sanitary cattle laws, it is said.

NORDMAN TELLS OF HIGH PRODUCTION

Polar, Wis.—Agricultural production has made great progress as a result of improvement in dairy breeds and perfection of agricultural machinery in recent years, Edward Nordman, state commissioner of markets, declared in an address before the Guernsey breeders of Langlade county here.

Commissioner Nordman declared that such organizations as the Guernsey breeders have done much in the nation to further the program of agriculture.

"The farmer's big job at the present time is to find a market for his goods and to create conditions that will give him the ability to make both ends meet instead of going into debt further every year," the marketing commissioner stated.

Mr. Nordman urged farmers to study present economic conditions as a means of discovering remedies for the present agricultural depression.

ALLOW REASONABLE SUM

Madison—Counsel appointed by a court to defend indigent persons accused of murder should be allowed reasonable amounts for printing and newspaper expenses of appearing before the supreme court, the attorney general ruled in an opinion to James Murray, district attorney at Fond du Lac.

PICNIC AT RICHMOND

Farmers in the Richmond district will stage a picnic and celebration on Saturday, June 28 at Richmond on the James Morris farm. A entertainment program is being arranged.

J. H. S. POOLS ARE OPEN FOR SUMMER

Rules Announced for Use by Groups—Beach Attendance Growing.

Access to the new high school swimming pools may be had all summer by making proper application to the playground director, Arthur Wheeler, who will be in charge until the opening of school in the fall. The rules for groups using the pools are similar to those regulating the use of the pools and gymnasiums during the school year.

List of Rules
Hours for use can be arranged by communicating with the playground director in advance of the day on which any group desires to use the pools.

Every group entering the pools must have a responsible adult in charge. He must see that all rules concerning the pools are enforced. If he cannot do this, all pool privileges will be denied his organization.

The responsible adult should have life guard qualifications. There shall be no spectators in the pool or shower rooms unless by special written permission.

If any member of a group enters the pool without a responsible adult, the entire group will be denied the pool.

No individual shall be a member of more than one group using the pools.

It is suggested that all groups desiring use of pools and showers schedule their hours at the same time each week.

No group will be admitted to the pools more than one hour each week.

No member of a group shall enter the building until the adult in charge arrives.

A group may enter the dressing room 15 minutes before the hour scheduled. Each group must leave promptly at the end of the hour scheduled.

Lists of different groups and adults in charge must be left in the principal's office.

Repairs on benches preparatory work for the opening.

FIGHT TO FINISH ON SOFT DRINK

[BY ASSOCIATED PRESS]

Madison—An action of national importance is in prospect with the termination of the state prohibition officials to contest through the United States supreme court if necessary the contention of the Coca Cola company of Atlanta, Ga., that the beverage produced by the company is not subject to license regulations of the state prohibition law.

Recently chemists of the state department determined that the beverage contained alcohol of sufficient quantity to make the sale of it subject to prohibition regulations.

If the finding is carried out, it is stated, all soft drink parlors in the state would be required to obtain a license from the prohibition department, which would subject the premises to search without a search warrant, under the terms of the prohibition law.

The Coca Cola company contends that the method used by the state department in analyzing the product was not proper and standard and has instituted an investigation of its own on the matter. The state department, however, maintains its previous stand.

When completed, either sidewalks will lead from the gymnasium doors to the steps down the south terrace to the field, giving access without destruction of the grass on the bank.

The larger part of the field now has been seeded and leveled and is likely to be finished by Tuesday. Filling and leveling of the north end of the field, probably to be done largely by city employees, is not expected to get under way before early fall on account of the large amount of other work to be done within the next few months.

Foundation is being laid for a \$10,000 home to be erected on Forest Park boulevard for Malcolm Douglas.

PLAN TO IMPROVE RIVERSIDE PARK

Extensive improvements in Riverside park will be made during the next few weeks according to plans announced Monday by Street Engineer Joseph Lustig.

Much of the work will be directed toward cleaning up the assembly grounds in the vicinity of the dance hall in order to make the spot suitable for picnics and other activities.

The dilapidated old merry-go-round, which has weathered many a storm and shows it, will be junked. In its present condition it is an eyesore to park visitors and its removal will be welcomed.

Swings and seesaw will be erected for the children and the lawn will be mowed and maintained in good condition. It is planned to drill a well and install a new pump with a cement platform around it.

One woman started it then 50 tried it

Now this NEW luncheon recipe is going over the whole country, most amazingly

IT'S one of those "different things"—simple yet unusual—that every now and then becomes a vogue over night; a new, quick-cooked luncheon, with an oddly refreshing appeal. A woman sent us the recipe. Then, we asked 50 others to try it—and that is how it started. You may like it, too. Clip this from the paper and try it.

Ingredients: 2 cups QUICK QUAKER, 4 cups water, 1 teaspoon salt, 4 level tablespoons cocoa and 4 of sugar, 1 teaspoon vanilla.

Bring water to a boil. Add cocoa and sugar mixed to a paste with boiling water; then slowly stir in the oats. Cook 3 to 5 minutes. Add vanilla. Serve hot or cold with cream. Wonderful chilled, moulded or served in slices.

Standard full size and weight packages—
Medium: 1 1/4 pounds; Large: 3 pounds, 7 oz.

Tub Frocks-- Practical and Pretty

No wardrobe is complete unless it has a few tub frocks in it—frocks in which one can play tennis, attend picnics, or grub in the garden, without fear of spoiling them. These are as smart as can be, fashioned of gingham, cretonne, linen or voile, adorned with laces, embroidery, braid or ribbons. And best of all, their colors are in to stay, for each laundering renews their crispness and charm. Acquire a tub frock, by all means, especially while such low prices prevail.

City Preparing for Bond Issues

City Clerk-Treasurer A. J. Olsen is preparing for the issuance of several thousand dollars' worth of 6 percent bonds in connection with the Fremont street sanitary sewer now being laid by the Milwaukee Construction company. Other activities, chiefly paving, will bring about the issuance of 5 1/2 percent bonds by the city later. Preparations are now being made for the other bonds. The Fremont street sewer bonds will be sold over the counter and enough orders are on hand now to take in the entire issue.

Thrilling!

From the gay scene of Quebec's Mid-Winter Carnival to the untracked wilderness of the Canadian Rockies this absorbing story will take you on a journey of uninterrupted adventure.

Crowded with incident, the thrill of the aeroplane descending on the icy waters, the thrill of the blizzard in which both hero and heroine are separately lost. "Unseeing Eyes" unusual film, with its surprises, its atmosphere and its continuous appeal.—American.

You'll agree with the critics of the successful Broadway run

"Two hours of amazing daring and high romance." —N. Y. Eve. Journal.

"You'll grip the edges of your chair in suspense." —Telegram.

"It has everything the public loves." —Morning Telegraph.

If you think you're thrill-proof—try this one!

THE AMERICAN Olympic committee for the waters and near the shores of Europe. Before many more days, they will be taking part in the great world games. Many of the athletes are being received by the sports department now, and many others will be coming in, making what the American equivalent of the 100-meter run in the United States system is about a tenth more in figures. For instance, the 100-meter run is 100.2 yards, but here are the exact figures. They are: 100-meter run, 100.2 yards; 200-meter run, 200.4 yards; 400-meter run, 400.8 yards; 800-meter run, 801.6 yards; 1,600-meter run, 1,603.2 yards; 3,200-meter run, 3,206.4 yards; 6,400-meter run, 6,412.8 yards; 12,800-meter run, 12,825.6 yards; 25,600-meter run, 25,651.2 yards; 51,200-meter run, 51,302.4 yards; 102,400-meter run, 102,604.8 yards; 204,800-meter run, 205,209.6 yards; 409,600-meter run, 410,419.2 yards; 819,200-meter run, 820,838.4 yards; 1,638,400-meter run, 1,641,676.8 yards; 3,276,800-meter run, 3,283,353.6 yards.

SPORTS—competitive games—play a considerable part in the building of the participants' character. The part that they play is neither seen, nor heard, but felt. And the feeling does not come to pass in a day, or a month, but through the successive acts of playing. The game first played shows up the player's character, and it is then that the wise teacher (the coach) sets his plans as well as how to get his "stuff" over from the technical angle, as an important member of the faculty as the professor who imparts ancient history into the minds of his pupils. The coach has the chance to make a man; the professor too often is content in making a mind.

"CHARACTER is higher than intellect," said Ralph Waldo Emerson, who was perhaps the greatest thinker America ever had. It may seem strange to introduce him into the sports page, but there is a reason. It is this: In life, thinking is but the function, while being is the functionary. The source "By their deeds shall ye know them," says the bible. Without a well-rounded character, thinking cannot be broad, nor yet straight, and living is reduced to poverty of the soul. Emerson wrote: "Thinking is but a partial act." The man who has not character to guide his mind, fails in the wrong path, and the community has not turned out a high type of citizen. Sports, well directed, help form character by leaving the "thou shalt not" out of the program.

DIAMOND SPARKLES

(By Associated Press)

Opinion is tending to the conclusion that if one of the New York teams is shut out of the world series this fall it will put the Yankees as was forecast widely before the season opened. The team without a pitching staff which won a pennant last season and worked along in first place through the first two months of the current race, has suddenly come into possession of the biggest staff of victory producers in the league. The Yankees have seven games allowing slightly more than a run and less than seven hits to each game. The five star staff of the world's champions has added almost out of the blue (diamond) batteries, accustomed to win without support from their own hurlers, continue to lift the Yankee "murder" row. The new staff, Joe Bush was driven from the box by the Red Sox Sunday while his mates, Ruth included, failed to deliver. The six to two victory over the Sox was a great boost for the Red Sox. The Senators beat the Red Sox and the Athletics, 5 to 4. The Indians won their consecutive game in 19 days, beating Cleveland in four runs and beating Detroit 7 to 5. Manager Sisker and Pat Collins, suspended indefinitely as an aftermath of the pop bottle incident at St. Louis Sunday, were back in the game which the Browns lost Sunday to Chicago, 6 to 4. The Giants and Cubs of the Nationals were not in action Sunday. The Chicago-San Francisco contest, New York and Boston were not scheduled. Cincinnati moved into the first division by its 4 to 1 defeat of the Pirates. The Yankees made his 14th homer of the season in the 7-1 victory Philadelphia won over Brooklyn.

Vincent Richards Wins First Match at Wimbledon

SHOWS GREAT FORM IN EASY VICTORY; HUNTER ALSO WINS

(By Associated Press)

Wimbledon, Eng. — Vincent Richards, young American lawn tennis star, started brilliantly Monday his fight for honors in the annual Wimbledon tournament, defeating A. E. Park, England, in the men's singles, 6-1, 6-1, 6-0.

Richards had little trouble in winning, not having to extend himself at any stage. Park exhibited a peculiar service, handling his racket very much as if it were a baseball bat, but the American was not troubled, returning his opponent's drives handily, while at the other strokes and in court strategy, the Englishman was outclassed.

A crowd of 5,000 persons cheered Richards' appearance on the famous center court.

Francis T. Hunter, American, easily defeated J. P. Park, 6-1, 6-2, 6-2.

Watson M. Mashburn, American, defeated A. G. Goffey, England, 6-4, 6-0, 7-5.

Kitten Ballers Resume, Tuesday if Rain Permits

If—get that!—if rain, wet grounds and a few other things do not interfere, the city kitten ball league will resume its schedule on Tuesday at 6 p. m. Tuesday. For two weeks now, it has been impossible because of these reasons to stage any games.

The schedule for Tuesday twilight is as follows:

Gazette vs. Klwinks on diamond 3.

Lincoln vs. R. W. Motors on diamond 2.

Parker Pen vs. Chevrolet on diamond 1.

Elks vs. I. C. on diamond 4.

Each of these affairs is to be a real one, except that the Klwinks and the Gazette, here is a contest that will bring forth every effort of each outfit to remain on top of the heap.

While the weather has been against the players, they have been fighting to get out. Many of the teams have not even been able to get in much practice because of adverse conditions.

The first contest was originally scheduled to close next week. It will be decided at that time whether a second round shall be staged.

Rain Postpones All Ball Games in South Wisconsin

All games in southern Wisconsin baseball circuit, which began Sunday, the first day in two years that such a thing has happened. The heavy rainfall that came shortly before noon and which was followed by another during the afternoon killed all chances for contests.

Both the Southern Wisconsin and the Inter-county leagues were idle.

This makes eight games in the Southern Wisconsin circuit that now have been postponed. These battles will be staged at the end of the regular season, lengthening the season by about three weeks.

The season has been the most unfortunate for outdoor sports in many years.

Through a misunderstanding, the Janesville team, who were scheduled Sunday afternoon, but the Cambridge outfit did not show up. The local boys took the situation good naturedly and utilized the afternoon for practice.

Leo Padilla, manager, has been pitching for Palmyra, has been added to the list of Janesville players. He will be eligible to appear on the mound on and after July 5. The Palmyra team has broken up after two seasons.

British Open Golf Tourney Starts Monday

Hoylake, England — Play in the British open golf tournament starts on Monday with 276 professionals and amateurs competing.

Jim Barnes, Johnny Farrell, Walter Hagen, Al Espinoza, Gene Sarazen, McDonald Smith and Douglas Grant—all Americans—are entered.

The course is exceptionally difficult.

Arthur Havers, the defending champion, who won by one stroke over Walter Hagen last year, will try to recapture the honor. Nine former champions are competing.

79 Entries Now for Oshkosh Races

(Special to the Gazette)

Oshkosh — Seventy-nine entries, made by 31 racing boats, seven of which with world's records, for the 17th annual regatta of the St. V. P. B. Association here, July 2d, 4th and 5th, insures the greatest speed carnival ever staged by power boat men in this country.

Eleven events are scheduled on the three day program, and they cover everything from a class for outboard motored craft to those carrying the heaviest power plant yet invented for the propulsion of boats. These racing craft come from a score of cities in this country, covering a range from Minneapolis to St. Petersburg, Fla., and including Milwaukee, Chicago, St. Paul, Peoria, Ill., Muskegon, Evanston, Harvey, Racine, Ripon, Oshkosh and other points.

TIMES AND PRIZES CHANGE. Nowadays, when as much as \$250,000 has been offered and refused for star players, it is difficult to realize the sensation created in baseball world back in 1888, when Boston paid Chicago \$10,000 for King Kelly.

Olney Wins State Trap Title With 529 Breaks

(Special to the Gazette)

BY HOWARD W. DAVIS. Milwaukee.—C. W. Olney, West Allis, member of the Alex Vance league of southern Wisconsin and northern Illinois, retained his title as state amateur trap champion at 16-yard targets, breaking 135 out of a possible 200. Olney also won the Class A championship, was high over all with 529 breaks for the whole program of 550 targets of 400 at 16-yards, 100 at 21-yards and 25 pairs, and had the high run of 206 consecutive breaks.

A. J. Wagner, Beloit, was third with 132 (35-28).

H. G. Waterman of Madison won the state handicap, tying C. Allen of Kenosha with 90 out of 100, both shooting from 20 yards. In the shoot-off, Waterman lost the first target, then broke 24 straight, while Allen dropped two targets, breaking 23.

Dr. F. S. Cook of Eau Claire won the state double title, smashing 47 out of 55 pairs.

There were about 100 shooting each day and the weather was fairly good until it started to rain Sunday. The last few squads finished in the rain, but the storm blew over before the doubles match started.

C. C. Mitchell, Milwaukee, won the state all-around pro title with 198 in singles, 90 in the 24-yard handicap and a long run of 142 straight.

The two-man title was won by Larson brothers of Waupun, O. Larson getting 182 and C. Larson, 133, while the women's title was won by Miss Harriet Smith, Milwaukee, took the women's title with 92.
